West Norfolk

Dear Customer,

To connect your Smartlife alarm to a new internet router or hub via WiFi, please follow the instructions below. Should you have any questions or require any assistance, please do not hesitate to get in touch on 01553 616200. We will be happy to help.

Step 1

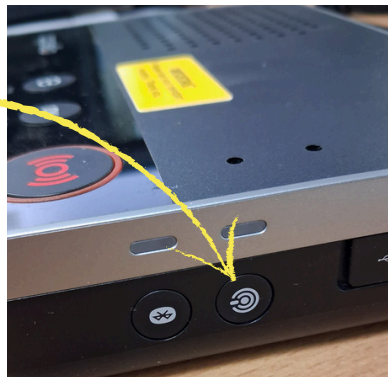

Press the button marked “WPS” on your router or hub.

Step 2

Press this button on your Smartlife alarm unit.

The Smartlife alarm will state “WPS connected successfully”.

Step 3

Test the alarm connection by pressing your pendant button to make a test call. Tell the alarm receiving centre you are making a test.
